Genesis Versi Pro

All GVP jaws are manufactured from high-strength proprietary abrasion-resistant steel for maximum life and performance

Modular Design Key Features

Each quick-change jaw set is designed to maintain their own **A** heavy-duty integral pivot group and **B** pin locations allowing each jaw set to maximize the shearing, cracking, and grappling power curve to best suit each application. Pin connections allow for fast and easy jaw change-outs in under 10 minutes, using standard tools - no torches!
